After the success of **IASI**, highly recommend by **DJ Rum, TIGA, DJ Trax, Ryan Elliot, Trus`me, Rivet, André Langenfeld, BBC, Hardwax** ... we are happy to announce the second *vinyl only* release on our dearly beloved label **SUPERB recordings** introducing our next artist, **TOM JOYCE** from **Paris** with a platform for his debut EP.

Tom Joyce is a **french** producer and dj who started to spin records in 2001. In the beginning, he was mostly influenced by US house and garage artists. As a true vinyl lover, he continued to collect records during years, and now his dj sets are the reflection of the best you can find in electronic music, from deep house, acid or minimal, to dub and powerful techno.

Based in **Paris** since 2006, he worked with several crews and finally created **Überground**, his own events agency, which organizes parties in the capital city with local artists and the finest producers and dj's of the electronic music scene like **Iron Curtis, Master-H, Ekkohaus, Masomenos**, to name a few.

Finally, "**Brume de pomme**" and "**Out of bounds**" are the result of his determined work, two deep house tracks which attracted the interest of the **SUPERB recordings** family.

The tracks are mastered by **CGB** from Dubplates & Mastering Berlin. Limited to 300 copies in black, plus 100 limited advance copies in autumn orange marbled vinyl including a print designed by Tessa De Ceuninck. "**Brume de pomme EP**" will hit different selected record stores worldwide in Dezember 2012.
